International Virtual Conference

Recent Advances in Organic Medicinal & Biological Chemistry

ABOUT THE CONFERENCE

This conference will host Heads of reputed institutions, eminent scientists, research scholars, and Industry personnel to share the recent and exciting research findings in Organic, Medicinal and Biological Chemistry. During the two days, the participants will have the opportunity to learn about the latest research trends in the above mentioned field. The focus of the conference will be on the interdisciplinary approaches at the interface of Chemical and Biological Sciences. The conference aims to share and provide many interesting perspectives of synthetic Organic Chemistry that has paved way for drug discovery and many of its biological significance that are changing rapidly. This conference will provide a platform to get acquainted with latest developments and trends for like-minded researchers, academicians and industry experts working in various thrust areas of Chemical Sciences, Biological Sciences and related interdisciplinary areas of research. This conference is expected to provide new opportunities for scientists and researchers.

REGISTRATION

- All participants are requested to fill the registration form using "<https://forms.gle/mjCwRPUyBJawoNj96>" on or before **29-06-2020** (for Oral / E-poster). For "participation only" category have to register on or before **6-07-2020**
- Use the same link for abstract submission for both Oral and E-poster
- Details regarding link to the webinar and password will be communicated to the registered participants via email by **07-07-2020**.

E-Certificates

Participation certificate will be provided only to the registered participants who attend a minimum of 8 webinars

IMPORTANT DATES

- Last date for abstract submission Oral / E-poster **29-06-2020**
- Communication of acceptance **30-06-2020**
- Registration begins **20-06-2020**
- Registration ends (participation only category) **06-07-2020**
- E-Poster Submission **07-07-2020**

CONFERENCE THEME

- Synthetic Methodology
- Catalytic Organic Synthesis
- Enzyme Catalyzed Organic Synthesis
- Total Synthesis
- Natural Products and Heterocyclic Chemistry
- Current Innovations in Organic Chemical Reactions
- Medicinal & Bioorganic Chemistry
- Physical Organic Chemistry
- Electro Organic Synthesis
- Organic Industrial Chemistry
- Biochemistry
- Green and Environmental Chemistry
- Hot topics in drug discovery and medicinal chemistry
- Academic CRO/Industrial collaborations in drug discovery
- Synthetic Enzymes
- Drug Discovery
- Drug Delivery & Targeting
- Biomolecular Interactions
- In-Silico Drug Design & In-Silico Screening
- Nanomedicine

Topics are not limited to the above

ORAL / E-POSTER PRESENTATION

- Abstract must be submitted for oral presentation
- Abstract will be considered for registered participants only
- Abstract submission ends on **29-06-2020**
- There will be a selection committee to review the abstract based on its scientific merit for oral presentation. 10 best abstracts will be selected for oral presentation.
- The acceptance of abstract for oral presentation will be intimated to delegate before **30-06-2020**.
- Students / Research fellows participating for the oral presentation will be given 8 minutes for the presentation and 2 minutes for discussion.
- Oral presentation date: 8 & 9th July 2020
- Poster presentation date: 8 & 9th July 2020
- E-poster must be submitted on before **7-07-2020** to the e-mail id: raombc@gmail.com

15 Webinar lectures from leading researchers, scientists and industry experts

Oral presentations from research scholars

E-Poster presentation from research scholars

Conveners
