5. Governance

The institution is committed towards its vision of “Transforming life through excellence in education and research” and adopts professional approach in governance. All the statutory bodies of the institution are fully functional and take timely decisions on all policy matters. Institution encourages the inclusive engagement of faculty members in decision making, implementation and monitoring of all its activities, decentralization and participative management in all domains of activities. VIT has established exclusive software development cell (SDC) to bring in e-governance in all domains of its activities.

The institution recognizes the service and dedication of the faculty and staff and has rolled out several welfare measures for their benefit. Faculty members are encouraged to attend professional development programmes with financial support. A transparent annual performance appraisal system is followed for teaching and non-teaching staff. The institute is financially stable and takes conscious efforts to enhance funding through research projects, consultancy and alumni contribution. Internal audit and external statutory audit are conducted regularly and audit objections are addressed. Since its establishment in 2007, VIT-IQAC strives to attain excellence in all academic and administrative endeavors.

Significant outcomes of IQAC initiatives are:

- Accreditation – NAAC, ABET, ACBSP, ACCA
- National Ranking – NIRF, ARIIA
- International Ranking/Rating – QS, THE, QS BRICS, QS STAR
- Received letter of intent for “Institution of Eminence” status by MHRD
- UGC Graded autonomy
- Submission of All India Survey for Higher Education (AISHE)
- Promoting Technology Enhanced Learning – MOOC
- Swachh Bharat Summer Internship Program
- Swachhta Ranking
- Promotion of Quality Circle
- Annual Quality Assurance Report
- Feedback from stakeholders

- **Members of the Board of Management and academic advisory body**

<https://vit.ac.in/governance>

- **Frequency of the board meeting and academic advisory body**
4 times in a year

- **Organizational Chart and Processes**

- **Nature and Extent of involvement of Faculty and students in academic affairs/ improvements**

The deployment of world class education starts with curriculum framing by a school level committee which benchmarks the programme against renowned institutes. The proposed content and pedagogy is recommended by the Board of Studies to Academic Council for approval. The approved programmes are explored for implementation by the Planning and Monitoring Board and further taken up with BoM for final approval. Once approved, the programme is further refined based on the feedback by students, teachers and industry experts. The teachers are empowered to adopt or change the content based on advancements in the field and student’s feedback. The IQAC recommends innovative practices and ensures effective implementation.

- **Mechanism / Norms and Procedure for democratic / good Governance**

VIT has adopted decentralization, participative management and empowerment in all academic, administrative, finance, research and outreach activities. The administrative structure reflects completely decentralized system with well-defined roles and responsibilities. VIT provides ample opportunities to its major stakeholders viz. students, faculty, staff, alumni and employers

to participate in the development of the institute. The stake holders have representations in all statutory bodies and university level committees / cells.

- **Student Feedback on Institutional Governance / Faculty performance**

To improve the teaching-learning process, feedback is obtained from the students through quality circle meetings and end semester feedback. Various committees at school level involve students along with faculty and staff to independently manage the activities related to quality assurance, placement and training, alumni engagement, clubs and chapters, conduct of conferences, seminars, workshops, guest lectures and arrangement of field visits.

- **Grievance Redressal mechanism for Faculty, staff and students**

General Grievance Redressal Committee has been constituted with the following members. Any grievances can be brought to the notice of any of the members of the grievance redressal cell for necessary action.

1. Dr. S. Hemamalini, Professor, SELECT – Member
2. Dr. Jagadeesh Kannan R, Professor, SCOPE – Member
3. Dr. Arul R, Asso. Professor, SELECT – Convener & Member
4. Ms. Jeyalakshmi, HR Team – Member

15. Information of Infrastructure and Other Resources Available

<https://chennai.vit.ac.in/about/>

VIT campus is spread across a vast area of 192 acres. A striking feature of VIT is the well-planned and comprehensive infrastructure provided for both students and faculty. Fully furnished and well-equipped labs decorate every building in the University with servers to manage all the data transmissions. Moreover, the university is blessed with ample features that support all kinds of events – Auditoriums, plush open spaces, outdoor stages and much more.

Academic Blocks

A striking feature of VIT is the well-planned and comprehensive infrastructure provided for both students and faculty. There are two academic blocks in VIT which are extremely specialised in their own particular field, namely- AB1 and AB2. The layout has been excellently planned to make the maximum utilisation of the campus. The idea behind these separate blocks is to make every block equipped with the necessary amenities whilst providing the perfect atmosphere for both studies and research.

VIT Startup Incubation Centre (VNEST):

VIT Chennai has a vibrant ecosystem for innovations including Incubation having two incubation centers to support students, faculty members for converting their innovative ideas into startup companies. V-NEST, VIT startup incubation center is started in the year 2020 and is self-supported by the institute. The faculty members from each school are nominated as V-Nest members to coordinate the innovation and Startup activities in the campus. Another incubation center, VIT Social Business Incubator is started in the year 2017 funded by the British Council in association with Cambridge Judge Business School, UK. The Incubation Centers at VIT Chennai provide office space, access to institute infrastructure supports funding/research assistance consultancy, mentorship support for students and early-stage entrepreneurs. V-Nest has developed an Innovation and Startup policy for its students and faculty members.

Innovation & Entrepreneurship Activities

- Lean Startup / TARP / IIP / New Product Development
- Innovation Competitions / Hackathons

- Sessions by Alumni Entrepreneurs, Startup Founders, and Industry Experts
- SEED Funding to Students & Faculty Members

The administration within Students Welfare Office includes Assistant Directors (Health, Proctor-Proctee Actions, Clubs and Societies, Sports, and Events) and a Director. Major events, including technoVIT, Vibrance, University Day, Final Year Students Farewell, etc, are organized by the SWO in collaboration with the Students Council and other Students' Representatives. With the active participation of students in various clubs and chapters, many extra curricular activities are being carried out at our campus.

- **Teaching Learning Process**

Teaching at VIT Chennai is structured around several schools of study. A student is registered in one of the schools, depending on the degree/programme he/she is interested in pursuing. Research Labs are also part of the schools, encouraging interdepartmental collaboration and opportunity for students to participate in exciting research projects. VIT Chennai offers undergraduate programmes, postgraduate programmes and integrated programmes.

Fully Flexible Credit System

In the continuous pursuit of academic excellence and creating a student-friendly learning environment, VIT introduced the Fully Flexible Credit System (Shortly referred to as FFCS). FFCS is a way in which a student has complete freedom in tailoring his course the way he wishes. It accommodates the wants and needs of the entire student community as a whole. With this system, a student can prepare his/her own timetable with the specific courses he/she intends to do in that semester along with the timings of classes and choice of professors. Learning has never been this fun. Students have the flexibility to pursue their other interests in sports or club activities and scheduling classes accordingly will take it a long way. It is a beautiful system that is tailor made to suit all the kinds of students with all learning needs, whether someone wishes to complete subjects early or pursue subjects of other branches for acquiring a Minor/Honours degree. In addition, this system ensures offerings of subjects from all disciplines encouraging students to pursue multiple interests and develop themselves wholly.

Salient Features

- Choice in the order of selection of courses for each semester.
- Choice in the timings / time slots in the selection of courses.
- Choice in the selection of number of courses per semester.
- Choice of preparing his / her own Timetable and Academic Plan.

- Balanced curriculum with engineering, science, humanities and management courses.
- Ample opportunities to do inter-disciplinary courses.
- Important / common courses are offered in all semesters to facilitate slow learners.
- Optional Summer / Intersession semester to do courses.
- Opportunity of under graduate research experience.
- Value addition with double Major / Minor / Honours option.
- Branch change option in B.Tech. at the end of first year.

- **Internal Continuous Evaluation System and place**

<https://vit.ac.in/sites/default/files/academic/Academic-Regulations.pdf>

- **Student's assessment of Faculty, System in place**

- Feedback on the course from the students and faculty members is obtained at the end of each semester through the in-house portal VTOP
- Additionally, feedback is obtained from the students for the courses (as part of the indirect course outcome assessment), through quality circle meetings and the outgoing student survey.
- Feedback from the other stake holders, viz. employer, alumni and parent is obtained once a year.
- From the employer, the feedback is obtained during the placement drives by the Office of Placement and Training and also by the faculty members when they visit the industries.
- Feedback from the alumni is obtained during the global alumni meet or during the meeting with the local chapters.
- Feedback is also obtained from these stake holders during their official visit to the Institution.
- These structured feedback forms are available in the VIT website
- In addition to these structured feedbacks, feedback on curriculum and course is obtained from the visiting faculty members and industry personnel, while visiting the Institution.

Analysis of the feedback obtained

- The structured feedback obtained from different stake holders are represented in a 5-point scale
- Areas of improvement (those metrics that receive feedback of 3.0 and below – in a 5-point scale) are identified by the respective departments.
- Due consideration is also given to the qualitative statements that are stated in these structured feedback forms

Utilisation of the feedback for curriculum / course development

- The analysed feedback is discussed in faculty meetings of the school
- All faculty members are involved in identifying the areas of improvement
- The Head of the Department chairs the initial discussion sessions with the faculty members
- The points of concern are then discussed in the Dean – Head of the Department meetings
- Suitable changes in the curriculum / course content are then made by the involvement of the Head of the Department (for curriculum) / course committee (Course)
- The proposed changes are then discussed at the Board of Studies meeting, involving faculty members (from different cadre), external experts from industry and academia
- After due deliberations, changes that will contribute to the quality of the curriculum and course are accepted and recommended by the Board of Studies

17. List of Research Projects/ Consultancy Works

- **Number of Projects carried out, funding agency, Grant received**

The office of Sponsored Research and Industrial Consultancy (SpoRIC) supports the faculty, students and administration in all aspects of their work associated with sponsored research, consultancy and training. VIT is equipped with latest laboratory facilities and tools that facilitate the students and faculty in research work.

VIT is committed to provide excellence in fundamental, applied research as well as development of innovative technologies for the future. Within a short span of time, it has executed many major R&D projects and consultancy services to Government agencies, public and private sector industries and international institutions. VIT's research strength lies in the strength of Faculty, Research Scholars and Students in addition to extensive modern facilities and collaboration with leading academic and research organizations within and outside the country.

The Office of SpoRIC serves as the coordinating office for externally funded research and Sponsored Research and Industrial Consultancy services at VIT. The goal of the SpoRIC is to assist faculty and professional research staff in their efforts to secure and ensure proper stewardship of external funding. It will provide Information regarding funding agency, forms, and thrust areas. It will also review and provide necessary guidance to improve the proposal in line with the requirements of funding agency/industries.

19. Best Practices adopted, if any

- VIT believes in promotion of gender equity, diversity and sustainable practices and had taken many policy initiatives in this direction. Some of the significant initiatives are listed below.
- 48 programmes with emphasis on gender equity were conducted in the last 5 years
- Digital security and surveillance systems covering all parts of the campus to ensure 24x7 safe working environment
- Common room for female students and staff in all academic blocks
- Solar power panels with the installed capacity of 1,113 kW
- More than 50% of lighting power met through LED bulbs
- Solid waste management by using compost technique
- A comprehensive rain water harvesting system is implemented and 100% harvesting is ensured 90% of used water is recycled and reused for secondary applications
- Single use plastics free campus
- Green cover facilitated by efficient use of water resources, improves the campus microclimate and reduces summer time shade temperature by 3° C
- Use of personal motorised vehicles by resident students prohibited and use of bicycles encouraged
- Covered walkways and pedestrian-vehicular segregation facilitate safer working environment
- About Rs. 400 lakh per year spent for green initiatives and waste management in the last 5 years
- About 35 initiatives taken to engage with and contribute to local community

- The institute organises national, international festivals and anniversaries of great Indian leaders
- The institution maintains complete transparency and standardised operating procedures in its financial, academic, administrative and support functions
- Some of the best practices followed are:
 - Fully Flexible Credit System (FFCS)
 - Semester Abroad Programme
 - UG Research culture
 - Strong Industry-Institute Integration
 - 10 different languages offered
 - International placement
 - 203 functional Student Clubs and Chapters for overall development
 - STARS – fully funded education for economically challenged students
 - Start-up and IPR culture with TBI and IPR Cell
 - Cashless financial transactions ensures transparency
 - Budget based expenditure with autonomy to Directors and Deans
 - Extensive digitisation of all academic, research and administrative processes
 - Inculcation of Research Culture at grassroots level is the most distinctive character of VIT.
