ABOUT THE CONFERENCE

The post globalization era is marked for the advancement of Technology and development. With increased penetration of technology, new opportunities in the cyber world have been created, both nationally and internationally. Simultaneous to this, cyber security has got affected and created more vulnerabilities and risks. The criminals continue to harness technology to their advantage. The law enforcement and government machinery are left with no option but to devise alternative strategies to learn more about all aspects of this modern criminality and behaviour, to preserve the safety of society. To ensure that proper justice is rendered, digital technologies has become an established part of crime investigation. There is a need to address this menace and curb the wrongdoers at the earliest possible opportunity. The legislators need to address the issue and all efforts need to be taken to create awareness among citizens and ensure their safety and protection in cyber space. This conference intends to address this rapidly developing field as holistically as possible and is focused on understanding the impact that new technologies will have on legal investigation and accountability mechanisms more generally.

ABOUT THE UNIVERSITY AND VIT SCHOOL OF LAW

VIT, founded by the educationalist Dr. G. Viswanathan in the year 1984, maintains high academic standards. It excels in research and strives to be the best in the world. VIT Chennai started in 2010 is a globally engaged, competitive, comprehensive, research-enriched university campus strategically positioned to respond to major industrial, social, economic, legal, environmental demands and challenges. VIT School of Law (VITSOL), the progeny of VIT, entered the legal education arena in 2014, aiming at high goals to be achieved. The Law School aims to impart quality legal education to nourish young minds with knowledge of law, teach them the nuances of legal profession and equip them for the practical aspects of the profession. VITSOL believes in continuous and active learning simultaneously with practical training. Legal education is not just mastering of the subject or remembering various provisions of the law. It is the overall development of an individual to convert him to be a legal professional. Studying law in VIT is unique experience as it offers a blend of the best features of quality education. The law courses in VITSOL have been structured in such a way that the students can learn law in a professional setting with Law Clinics, Moot Courts, Conferences and Seminars on contemporary legal issues. This gives them an edge in this competitive world.

CALL FOR PAPERS

Original unpublished Research Papers/Articles and Case studies are invited from academicians/research scholars/advocates and students for presentation at the Conference. The papers will be selected after a plagiarism check of permissible upto 10% of a Turnitin. The abstract and full paper will undergo double-blind peer review process by the expert review committee before selection. The selected papers are to be presented in the Conference and will be published as conference proceedings with ISBN.
